

## ADVANCED DEPOSIT POLICY

Once your client questionnaire has been screened and approved, you may reserve a puppy with a \$500 non-refundable deposit. By sending in your deposit you are committing to a pup from the litter.

Advanced deposits are accepted to give families an opportunity to reserve a pup from an upcoming litter.

### **Puppy Pick Process**

Pick order will be in the order in which deposits are received. **Platinum Pocket Bullies reserve the right to select the first choice of pup to hold back for our breeding program.** After all advanced deposit holders are given the chance to pick, the remaining pups will be sold on a first-come-first serve basis.

Platinum Pocket Bullies puppies prices will range in price, depending on the Sire/Dam and color.

When the litter is born, within (1) one week, the buyers will be provided with numerous photos of each puppy. Videos on request. Picks will begin at when the puppies reach (6) six weeks of age. At this time, the buyer will be given twenty (24) hours to choose your 'pick' before remaining pups are made available to the next buyer.

### **Visiting the Puppies**

We do not allow visitors to come and view puppies before 8 weeks of age. This is strictly for the safety of the puppies. Puppies vaccinations need to be received to help protect them against highly contagious diseases such as parvo. At your request we are happy to do live video chats.
