

## ADVANCED HOLDING FEE POLICY

Once your client questionnaire has been screened and approved, you may reserve a puppy with a \$500 non-refundable holding fee. By sending in your holding fee, you are committing to a pup from the litter.

Advanced holding fees are accepted to give families an opportunity to reserve a pup from an upcoming litter.

### Puppy Pick Process

Pick order will be in the order in which holding fees are received. **Platinum Pocket Bullies reserve the right to select the first choice of pup to hold back for our breeding program.** After all advanced holding fee holders are given the chance to pick; the remaining pups will be sold on a first-come-first serve basis.

Platinum Pocket Bullies puppies' prices will range in price, depending on the Sire/Dam and color.

Once holding fees are received, buyers will be provided with short videos and/or pictures on a regular basis to see the puppy's growth.

### Visiting the Puppies

We do not allow visitors to come and view puppies before 8 weeks of age. This is strictly for the safety of the puppies. Puppies' vaccinations need to be received to help protect them against highly contagious diseases such as parvo. At your request we are happy to do live video chats.
